With a degree in Informatics Engineering from PLN Institute of Technology, I am a 24-year-old software developer with over two years of experience. Passionate and quick to learn, I excel both individually and in teams, and am eager to contribute my skills to achieve your company's goals and success.

## Work Experiences

<b>PT.Realta Chakradharma - Jakarta Pusat</b> <i>Software Developer</i> At Realta Chakradarma, I work on the BIMASAKTI11 project, a web application for managing properties like apartments and malls. My responsibilities include developing reporting features, managing core data and settings, overseeing transaction processes, handling data retrieval and queries, and supervising batch processing and scheduling. <ul style="list-style-type: none"><li>stacks: C#, SQL Server, Blazor, WASM, Docker, Kubernetes, .Net Core</li></ul>	May 2023 - Present
<b>Project Hotel Realta (module master) - Sentul</b> <i>Fullstack Developer</i> Hotel Realta is a collaborative project with several modules. I manage the master module, which integrates and coordinates the various sub-modules to ensure the project runs smoothly and efficiently. <ul style="list-style-type: none"><li>stacks: C#, SQL Server, Blazor, WASM, Docker</li></ul>	Nov 2022 -
